My Favorite Things About GT Students

They are Persistent!

Self-Directed! Versatile, Independent and Inquisitive. They come to us with LOTS of ideas, on practically every topic. They typically have intention; they can identify a problem and want to solve it! As a former K-6 art teacher, I love that many of our GT students enjoy and have the ability to create visual arts (drawings/painting/photography,etc). They mostly have a responsiveness to the kinesthetic learning platform (Like ME!), find humor in everyday things, and can tell an elaborate tale that will suck me right in. I love that our students come from all backgrounds, neighborhoods, races, and have various mental ages.

My Education

University of Arkansas, Little Rock Campus

Gifted and Talented Certification PreK-8, 7-12

University of Arkansas, Monticello Campus

Non Traditional Licensure - Art PreK-8, 7-12

Arkansas Floral Association

Arkansas Master Florist

University of Arkansas, Fayetteville Campus

Bachelor of Science in Small Business and Entrepreneurship

El Dorado High School

Graduate of the Class of 1992

Rogers Junior High School (Now named Washington Middle School)

7th - 8th grades

Retta Brown Elementary School (Right where I teach today!)

Kindergarten - 6th grades
